

A Symposium for Researchers and Clinicians on

www.xlp-was2016.org

26th-27th September, 2016 - London

Call for abstracts – Invitation to speakers

Dear Madame / Sir

The Joint XLP-WAS symposium will take place September the 26th - 27th, 2016 in London, U.K. This first of its kind event will followed the ESID2016 and will enable researchers and clinicians to meet, present and discuss their work in the area of XLP and WAS research. For more details about the event, please visit our website at <http://www.xlp-was2016.org>.

The symposium organizing committee is soliciting abstracts on broad range of topics related to XLP and WAS/XLT.

We are planning a series of sessions, keynote presentations and panel discussions. Our objectives for the symposium are simple, yet bold. We hope to attract researchers from around the world to:

- Expand XLP and WAS research.
- Bridge the gap between basic and clinical research to speed up applications
- Foster collaboration among researchers.
- Motivate young researchers to focus on XLP and WAS

If you are interested submitting an abstract, please go to our website and submit the abstract on line at <http://www.xlp-was2016.org/#!abstract-submission/p5pny>.

Even if you are not interested submitting an abstract, we invite you to participate at the symposium and be updated with the most recent knowledge regarding XLP and WAS.

For additional information or any clarification needed, please send us E-mail at:

office@was.org.il

info@xlpresearchtrust.org

Looking forward hearing from you and seeing you at the symposium.

XLP-WAS 2016 Organizing committee
