

Annual Meeting 'Immunology and Infectious Diseases'
23th August to 25th August 2017 at LO-skolen

<http://www.konventum.dk/kursuscenter>

Theme: *The Immune Response in Health and Diseases*

Wednesday 23rd of August

Immunometabolism

12.00	Arrival
13.00	Welcome
13.10	Søren Skov , University of Copenhagen, Denmark: Metabolic regulation of immunity
13.50	Markus Kleinewietfeld , VIB Laboratory of Translational Immunomodulation, Hasselt University, Belgium: Immunometabolic Regulation of Interleukin-17-Producing T Helper Cells: Uncoupling New Targets for Autoimmunity
14.30	Break
14.50	Carsten Geisler , University of Copenhagen, Denmark. Vitamin D and T cell activation
15.30	Anne M Curtis , Molecular and Cellular Therapeutics, Royal College of Surgeons in Ireland Immunometabolism: Is it under the eye of the clock?
16.10	Break
16.30	Short presentation by one of the PhD-students
16.40	Short presentation by one of the PhD-students
16.50	Short presentation by one of the PhD-students
17.00	Break
17.30	Short presentation by one of the PhD-students
17.40	Short presentation by one of the PhD-students
17.50	Short presentation by one of the PhD-students
18.00	Short presentation by one of the PhD-students
18.30	Dinner
20.30	Poster session

Thursday 24th of August

Complement / T cell responses

9.00	Peter Garred , University of Copenhagen, Denmark: Lectin pathway
------	---

9.40 **Martin Kolev**, King's College, London, UK: Complement-driven T cell activation

10.20 Break

10.50 **Sian Henson**, Queen Mary University of London, UK: T cell senescence

11.30 Short presentation by one of the PhD-students

11.40 Short presentation by one of the PhD-students

11.50 Short presentation by one of the PhD-students

12.00 Lunch

Autoinflammation vs. Autoimmunity

13.30 Short presentation by one of the PhD-students

13.40 Short presentation by one of the PhD-students

13.50 Short presentation by one of the PhD-students

14.00 Short presentation by one of the PhD-students

14.10 **Polly Matzinger**, NIH/NIAID, USA: Autoimmunity-what is that?

14.50 Break

15.20 **Corrado Cilio**, Lund University, Malmö, Sweden: Auto-antibodies and type 1 diabetes

16.00 **Thomas Mandrup-Poulsen**, University of Copenhagen, Denmark: Autoinflammation and T1D

16.40 Break

17.10 **Arnaud Zaldumbide**, Leiden University Medical Center, Leiden, Netherlands: T1D and T cell autoantigens: Importance of posttranslational modifications

18.30 Dinner

Friday 25th of August

8.30 **Silvana Balzar**, Department of Clinical Microbiology, Polyclinic Breyer, Zagreb, Croatia: Continuous Dual Resetting of the Immune Repertoire as a Basic Principle of the Immune System Function

9.10 **Raphael Solana**, University of Cordoba, Spain. Immunosenescence: Implications for response to infection and vaccination in older people

9.50 Break

10.20 **Anis Larbi**, Singapore Immunology Network (SIgN), Biopolis, Singapore The Role of Immunosenescence in the Development of Age-Related Diseases

11.00 **Jeff Rathmell**, Vanderbilt Center for Immunobiology, Vanderbilt University, USA: Immunometabolism and inflammation

12.00 Lunch

13.15

Departure
